

INSTRUCTION SHEET

Memory card

for HG series Operator Interface

Read the Instruction Sheet to make sure of correct use before installation.
The Instruction Sheet should be distributed to actual users.

Before installation, make sure that the SD memory meets the specifications as you ordered.

Type No.	Capacity	Applicable unit
HG9Z-XMS #	# GB	HG series equipped with SD Interface

: indicates the capacity.

Cautionary Notes

1. Do not switch off the power or pull out the SD memory card while it is being accessed, as this may result in destruction of the stored data. If the data on the SD memory card is corrupted, format the SD memory card.
2. Format the SD memory card before use it. To format the SD memory card, use File Manager in the system menu of the HG series operator interface.
3. There is a limit to the number of times that a SD memory card can be written to. Backup your SD memory card data on a periodic basis.
